

# LUMBER PRICE LIST

CU Woodshop Supply has over 60 species of lumber. All dimension lumber is kiln dried and priced per board foot. Our stock is 'hit and miss' planed on both faces and jointed on one edge. On some species we have occasional special pricing as a result of deals that we have taken advantage of that we pass on to our customers. Call us for pricing and availability on the latest specials in stock. All pricing is per board foot. If you do not see what you are looking for on this list give us a call. We may have some in stock or be able to get it.

Effective 04-18-17

## Shorts- 72" random width 4/4 lumber

	Cherry	Maple	Red Oak	Walnut	White Oak
Price-bd/ft	\$4.99	\$4.80	\$4.25	\$9.80	\$6.96

**LUMBER DISCOUNTS:** Discount for purchase of lumber as indicated below.  
 10% Off - 100 bdft mix-n-match selected individually from inventory.  
 15% Off - 250 bdft selected from inventory and banded for your convenience.  
 20% Off - 500 bdft, a commercial size bundle.

Hardwood lumber is typically sold by the board foot (bdft), a unit of measure in volume equivalent to a board that is one inch thick, one foot wide and one foot long, or 144 cubic inches. Use the formula provided to calculate the board footage in a piece of lumber.

**What is a 'Board Foot'?** **bdft = length** in inches X **width** in inches X **thickness** in inches ÷ 144
